## To more easily run your business, service needs to go beyond just a phone call for repairs or maintenance.

Your Goals And Metrics Are An Ever-Moving Target

We recognize you need a total system to support your inventory, efficiency, value-added and customized needs.

With the industry's largest sales and service staff in the Midwest, we have three main goals:

- Understand Your Challenges
- Identify Opportunities
- Add Value to Your Operation

### **Custom Engineering & System Integration**

Over 100 years of design, electrical and hydraulic engineering expertise working to meet your specifications.

### **Value Added Manufacturing**

Cut waste and increase your productivity. We'll stock, assemble and get your components ready for production.

### **Vendor Managed Inventory**

We'll keep your shelves stocked with crucial components you need...and none that you don't.

### **In-Shop Repair & Field Service**

With the largest service department in the Midwest and 24/7 support, our factory-trained, certified technicians will keep your equipment operating at peak performance.

### **Convenient, On-Site Retail Store**

In the area? Stop in and see our resident expert, Bill, for all your immediate parts needs.

### **Efficiency Assessments & Sustainment**

Work with our experts to eliminate waste and maximize efficiency in your production processes, increasing your profitability.
